About NEP

National Education Policy: 2020

The National Education Policy 2020 (NEP 2020), which was approved by the Union Cabinet of India on 29 July 2020, outlines the vision of India's new education system. The new policy replaces the previous National Policy on Education, 1986. The policy is a comprehensive framework for elementary education to higher education.

The NEP envisions an India-centric education system that contributes directly to transforming our nation sustainably into an equitable and vibrant knowledge society by providing high-quality education to all.

A total of three sessions covered a wide range of topics from discussing policy at a broad level to student benefits to the final note on ways for implementations was delivered by the draft policy makers themselves.

These sessions were designed for the new students to help them feel comfortable and draw their attention towards exploring their academic interests and activities.

Summary of the Event

National Education Policy: 2020

The program began with a keynote address by Dr. M.K. Sridhar, the Chief Guest who inaugurated "Special NEP Program" organized on 01st October, 2021.

A total of three sessions brought in the right balance across diverse ideas – the policy at large, student benefits from the policy and final policy implementation ideas – tailored to the needs of the specified targeted audience and delivered by noteworthy academicians.

These sessions received an overwhelming response from students and parents for organising such a wonderful interactive program.
